OMAR OFFICE

OMAR OFFICE is an OMAR GROUP company. It is characterized as an office furniture solutions suppliers which caters to the Commercial, Educational, Governmental and Healthcare markets.

As OMAR OFFICE, we help you with your office furniture needs. We are a solution partner for you in all furniture needed from special design to special size.

We have many products such as office chairs, armchairs, office desks, metal cabinets and guest hospitality sections.

OM-ART DESIGN

- **OM-ART DESIGN** is an interior design company that offers 3D architectural services according to the needs of its customers.
- Some of the areas that we serve;
 - ❖ Hospital
 - ❖ Hotel
 - ❖ Restaurant
 - ❖ Cafe
 - ❖ Sweet Shop
 - ❖ Hairdresser and Villas.
- We serve in 2 different titles.
- The first of these is just a **CONCEPT DESIGN** drawing.
- The second is **TURNKEY PROJECTS**.

CONSEPT DESIGN

- In this service, we make a detailed 3D architectural work for you in line with your demands.
- In response to your demands, we present your dream concept to you in the computer environment.
- What we need from you are;
 - ❖ Reference dimensions
 - ❖ Application area details
 - ❖ The concept you want (Classic, monder, innovative etc.)
 - ❖ The purpose of use of the place
 - ❖ Targeted segment
- After receiving these informations, we present our concept work to you in about 7-10 working days.
- You have the right to revise the design after reviewing it.
- After the concept is finished, we also present you; your file containing the content and all technical information.
- Thanks to these contents, you can have detailed information about the products. And you can implement the project either by yourself or with other companies.

TURNKEYS PROJECT

- This service is a continuation of our first service.
- After the Project design is completed, we offer a turnkey option. In this option, we apply all the details you have seen in the project.
- During this process, transportation, construction, application, assembly and all other topics are under our responsibility.
- The similarity rate of the 3D work we have presented and the application that we will encounter in the final is approximately 95%.

So, How Does It Works?

You give us details about your place.

In line with your requests, we prepare our 3D architectural work and present it to you.

At this stage, we make revisions about the project, if any.

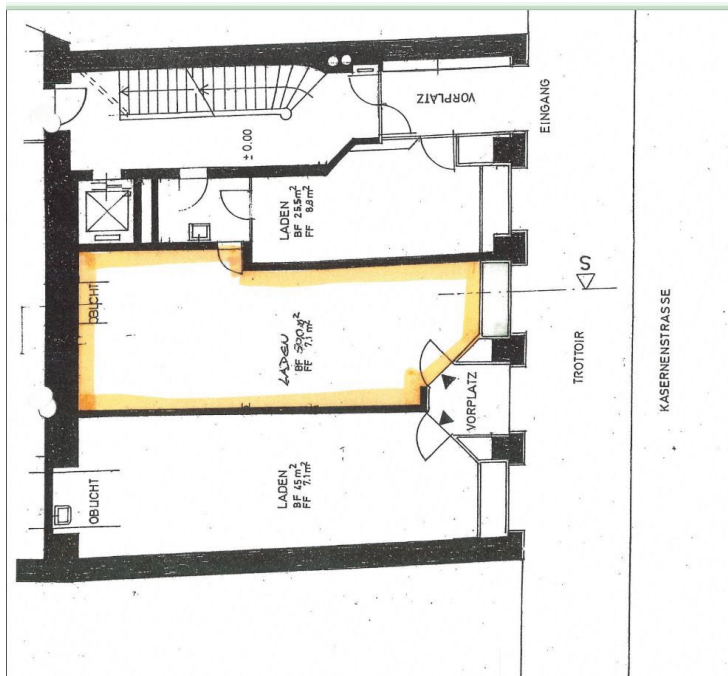

We share the final version of the project drawing and all the technical details with you.

If you want, we make your project turnkey with approximately 95% similarity.

With the happiness of designing your dreams, we stay friends for a lifetime :)
